

EMEA Advanced Services - Solution Architect & Engineering Team Lead

Fernando Bautis Iglesias

Location: Spain / Languages: English, Spanish

Currently the Solution Engineers Team Leader, Fernando has been with the Cloud Communications division of NTT Ltd. for 10 years, starting as an audioconferencing engineer, and evolving as the industry started to change towards unified communications, focusing on Microsoft technologies and cloud collaboration tools. He extended his knowledge on local Windows AD, Exchange administration, and PSTN audio to adapt to the new cloud and VoIP industry demands.

Fernando's tasks now include the management of the engineering team, as well as consulting, designing and deploying Office 365, or Skype & Teams solutions hosted by the Cloud Communications division of NTT Ltd.

Fernando holds an Engineering degree on computer science.
