# arkadin<sup>®</sup>anytime

Simple and easy audio conferencing, for small meetings or large events, at anytime, and from anywhere

Instantly organize and manage your conference calls with crystal clear audio, while ensuring all attendees are able to effortlessly join and participate

## Fast and simple to use

- Reservation-less audio conferencing service (no pre-booking required)
- Only two steps for quick and easy access: Connect and enter your PIN code to join the conference
- Receive a call from the conference using the 'call-me-back' function
- 24/7 immediate local language live assistance for all participants

## With anyone, from anywhere

- Ideal for communicating with remote colleagues, clients, suppliers, or partners
- Hosting up to 100 participants per call (and many more if pre-arranged)
- Toll and toll free access numbers available from 50+ countries
- Integration available with our portfolio of web and video solutions

## Feature-rich and secure

- In-conference control functions via the phone keypad, such as mute participants and lock conference
- Advanced meeting control via online audio console
- Save and replay your strategic calls using the recording function
- Private and secure audio platform delivering high-quality conferencing

"The service is characterized by attention to detail, not about call volumes and hidden charges. The Arkadin team really engages with users, taking care of their needs and responding to their questions. This makes the relationship between our two organizations painless. For Bemis, it is about ease of use and cost-effectiveness and we feel that Arkadin delivers on this promise."
